Visit our eco exhibition at Macau Science Center and win an **Apple Watch or iPad**

Want to know more about energy conservation, clean energies and smart technology? Bring your family and friends to visit our exhibition at Macau Science Center **from 11 to 19 January 2025**. 20 teams from 12 secondary schools will present their creative eco projects and ideas to turn Macau into a sustainable and smart city. You can vote for your favorite projects with the chance to win an Apple Watch or iPad. Don't miss it!

Access EV charging platform “Shun Yi Chong” via **CEM APP**

To enhance the experience for EV users traveling to mainland China, CEM has partnered with China Southern Power Grid to introduce a new app redirection feature. Customers can now easily access our EV charging service partner, Shun Yi Chong APP, the largest charging platform in the five southern provinces, directly through CEM APP. This makes it more convenient for EV users to enjoy a fast and reliable charging experience while traveling in mainland China!

Receive maximum **MOP100 rebate!**

Until 28 February 2025, customers newly apply for CEM e-Bill service will receive a rebate of **MOP50** for each successful electricity contract application. Additionally, customers who apply for BNU Autopay service will receive an extra rebate of **MOP50** for each contract, with a maximum rebate of **MOP100**.

To apply for CEM e-Bill and receive the rebate, you must scan the following promotional QR code, while for Autopay service, you can apply at the service counters of CEM Customer Service Centres or BNU branches, or via BNU website or BNU APP. Apply now!

Apply for e-Bill

Stay safe over the festive season 🎄

- 🎀 Don't use any flammable decorations. Consider using LED candles;
- 🎀 Only buy fairy lights from trusted retailers. Check them for damage before use, avoid overloading outlets, and turn off the lights when leaving;
- 🎀 Keep communal areas clear of decorations to avoid blocking fire exits or emergency routes;
- 🎀 Reuse decorations and recycle waste.
